April 9, 2020

Remind your groups to take advantage of this opportunity to learn how to make payments online, go paperless and automate with auto pay among other efficiencies.

Have you reminded your clients who utilize [Vimly Benefit Solutions](#) that they can manage their employee benefits program online? With many of your groups working from home during our state's "stay at home" order, Vimly is highlighting the benefits of its cloud-based [SIMON](#) platform that provides 24/7 access to benefits from home, the office or anywhere with an Internet connection.
