Big Company Health Benefits for Small Businesses

Slingshot takes the complexity out of employee benefits, helping small and mid-sized businesses purchase, access and manage health insurance and other benefits — simply and cost-effectively.

Slingshot reduces the cost and complexity of managing employee benefits. By designing high-value employee benefit packages and streamlining every aspect of accessing and managing employee benefits, we provide the simplest, most cost-effective solutions available for small and mid-sized businesses.

At Slingshot's core is solid infrastructure and innovative technology. We have the reliable infrastructure needed to manage the complexities of administering employee benefits for the small group market.

Slingshot is experienced, with a track record of success. We have a long history and passion for providing and administering the most comprehensive, affordable, hassle-free employee benefits available to small and mid-sized businesses.
