How AP Leads the AHP Market

Team of Experts

For the past 25 years, our team of skilled professionals have consulted, managed and serviced fully insured Multiple Employer Welfare Arrangements, including Association Health Plans.

Regulatory Understanding

Advanced Professionals (AP) is deeply familiar with the intricacies of healthcare regulations and changes that affect everyone in the ecosystem, from plan sponsors and carriers to individuals.

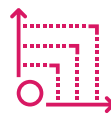

Operational Capability

AP helps carriers manage – often reducing – their workloads with RFP processing, intake of new and renewing business, renewal proposal distribution, terminations, and reporting and analytics.

Technology Platform

Our leading-edge AP Connect producer platform effectively tracks market data to constantly assess risk, monitor pricing, and provide understanding and improvements for product design.

Distribution Model

To ensure that Advanced Professionals' products are quickly and easily deployable, every producer we work with must go through our extensive learning management process.

Risk Management

Our unique tools to mitigate risk support a positive underwriting position for the carrier – what we believe is the key to sustainable long-term growth.
