

Allstate Whole Life with Long-Term Care Rider

Within this Producer Toolkit, you will find all materials necessary to promote and present the Allstate Whole Life with Long-Term Care (LTC) Rider product to your clients and prospective clients. This includes:

- **Stock proposal that provides rates, underwriting guidelines, and policy details.** Note that the Allstate ID Protection plan is also included in this proposal and must be elected by the employer. There are no participation requirements for the ID Protection plan at the employee level, however it must be offered by the employer in conjunction with the life/LTC plan.

[DOWNLOAD PROPOSAL](#)

- **Rate illustration tool.** This tool allows you to illustrate premiums vs. tax burden for each employee. We suggest illustrating \$40,000 of life/LTC coverage for each employee as that level of benefit is commensurate with the state LTC plan benefit of \$36,500. **(Please note: Download required to make changes to document.)**

[DOWNLOAD RATE ILLUSTRATION TOOL](#)

- **Additional employee-facing materials** include an Allstate brochure and Advanced Professionals' WA Long-Term Care Fact Sheet.
