New Anniversary Dates and More 2022 Updates for the AI Industry Health Trusts

October 28, 2021

Groups renewing in the Manufacturing and Retail IHTs can take advantage of 18-month renewal offerings.

Dear Valued Producer,

The 2022 plan year for the Industry Health Trusts offered by Associated Industries is already off to a good start with the addition of new 7/1 anniversary dates for the Manufacturing and Retail Trusts. This valuable opportunity furthers our goal to simplify your workload by helping you diversify your book of business.

Some highlights to be aware of as you work with your new and renewing clients include:

- Your Manufacturing and Retail groups renewing January 1, 2022, will have the opportunity to take advantage of 18-month renewal offerings that will provide rate certainty through June 30, 2023.
- New groups enrolling from January 1, 2022, through June 1, 2022, will be offered rate certainty through June 30, 2023.
- Both renewing and new groups will only have one GMA for the above time frames.

For more information on the new anniversary dates and other updates to the 2022 plan year, see the [2022 Producer Renewal Bulletin for the AI Industry Health Trusts](#) highlighted below.

IMPORTANT NOTICE: Email Address Update for AIMS

The aims@aiin.net email address for Associated Industries Management Services (AIMS) has been updated to aims@aiin.com. Please be sure to update your contacts to reflect this change to a .com ending.

Prepare Your Workforce for Cold and Flu Season with SHRM CEU Webinar Nov. 4 from Regence and Asuris

You and your groups enrolled in the Industry Health Trusts offered by Associated Industries are invited to a valuable webinar from Regence BlueShield and Asuris Northwest Health on [Solutions you can implement today to prepare your workforce for an unusual cold and flu season](#):

The kids are going back to school. Some of us are going back to onsite work (or never left it). And the holidays are on the horizon. How can you ethically encourage your employees to proactively manage their health heading into the fall? In this session, Dr. Jim Polo will share his tips, tricks and tools to mitigate absenteeism during a cold and flu season in the midst of a COVID resurgence.

In the second half of this session, we're pulling back the curtain in today's changed world. You'll hear from Chief Human Resources Officer Elizabeth Cole on how our HR team is meeting the needs of our organization's 5,000 employees and their families.

This webinar is a can't-miss for those who want to benchmark their own strategies against best practices and insights from medical experts and fellow employers. Have questions now? Please submit them when you register, and we'll have our guest speakers address them live.

Session participants are eligible for 1.0 Professional Development Credits (PDCs) for the SHRM Certification Program (SHRM-CP® or SHRM-SCP®). For more information about SHRM certification or recertification, please visit www.shrmcertification.org.
