# Let's Talk About Employee Benefits for the Construction and Building Sciences Industries

February 22, 2022

### **Now is the time to take advantage of unique strategies available through the CleanTech Alliance Health Trust.**

Do you have groups in the energy, environmental and building sciences industries that are in the market for a new health plan? Be sure to get a quote from the CleanTech Alliance Health Trust, which remains your go-to market for the diverse cleantech industry.

As together we build a more powerful and versatile Trust, our team is prepared to offer unique strategies geared to solve difficult financial and retention situations for employers. With a local and national trend focused on sustainable building practices, the CleanTech Alliance is uniquely positioned to take these companies into the next evolution of their industry.

For more information or to enroll a new group today, please contact your dedicated sales representative, who can assist you in helping create a plan specifically tailored for your group.

## Reciprocal Members of the CleanTech Alliance

The goal of the CleanTech Alliance Health Trust is to provide plan offerings as diverse as our customers and their different industry sectors. With the addition of the below reciprocal relationships, we hope to help expand your access to prospective members for the Health Trust, while also continuing to broaden the diversity of the sectors we serve.

Evergreen Rural Water of Washington, formed in 1994, is a non-profit organization that provides training and technical assistance to water and wastewater systems throughout Washington state.
